BlucherRmNo343, SK

Not what you might expect to find in the RM of Blucher. Daisy Lane / Bluebird Way is one of very few enclaves of wooded residential. Although near the highway and Cargill crushing plant, it has its particular attractive character. The concept of this development is to conserve and enhance the natural character of the property. There is plenty of room for a large garden, outbuildings, and much more. The lot is serviced and ready for you to build your dream home - keeping conservation of the natural beauty of the area in mind! Please refer to the Bluebird way website at WWW.BLUEBIRDWAY.CA for more information regarding conservation and community. Directions: From Saskatoon: take Hwy 16 East (Yellowhead, toward Yorkton). After crossing a rail track and after the curve, you will see sign announcing the Hwy 316 Junction (and Clavet exit). Turn North on Hwy 316, continue about 1.5 km. to Cheviot Road and turn left (West). The next road (about 1.5 km) is Daisy Lane, turn South and proceed to last road on your left (1.4 km), where you will see a large "Bluebird Way" sign at the property entry. Bluebird Way is marked on GoogleMaps: "52.014257,-106.404178" (however Daisy Lane no longer crosses the twinned Hwy 16)
